A. This "Application for Cutting of Trees" is required for submission, together with the submission of the Preliminary House Plans and notification letter from the owner or authorized representative.

B. The following documents shall also be attached to this Application Form:

- B.1. Notification letter from the lot owner or authorized representative which indicates the reason for cutting of tree(s)
- B.2. Site Development Plan (ground floor plan reflected) with measurements showing the house, fence, and other structures, including surveyed measurements of the location of existing trees.
- B.3. Topographic Map with the exact tree location, duly signed and sealed by a Geodetic Engineer.
- B.4. Printed photo showing the entire tree(s) to be cut and showing the entire frontage of the property with tree sizes/measurements indicated and specie(s).

C. The applicant shall not cut, remove or damage any village tree(s) planted along the easements without securing a written approval from the Association. For every tree along the easements that is permitted to be removed or cut down, a penalty of **P25,000.00** shall be paid to the Association, plus a contribution of **ten (10) pieces of at least eight(8) foot tall hardwood tree** for every tree cut. These shall be delivered to the Association prior to the actual tree cutting. At least five(5) pieces of the hardwood trees shall be of the same species from the tree that will be cut, removed or has been damaged and the balance shall be of acceptable specie. **For every approved tree to be cut, the Association will locate at least one of the contributed tree at the front of the residents' house along the easement, which shall be maintained by the resident.**

The fees and required contributions above also apply to the unauthorized cutting, removal and damage to any of the village tree(s), with an additional penalty of **P15,000.00** for failure to apply for, and seek permission for the said cutting, removal or damage done to any tree(s).

D. Cutting of village tree(s) and/or damaging existing village tree(s) inside the resident's property must have the approval of the Association. A contribution of **eight (8) pieces of at least eight (8) foot tall hardwood tree** of acceptable specie or variety for every tree cut. These shall be delivered to the Association prior to the actual tree cutting. At least five (5) pieces of the hardwood tree shall be of the same tree species that will cut, removed or has been damaged and the balance shall be of acceptable specie.

The required contributions above also apply to the unauthorized cutting, removal and damage to any of the village tree(s), with an additional penalty of **P15,000.00** for failure to apply for, and seek permission for the said cutting, removal or damage done to any tree(s).
